

## **OECD PENSIONS OUTLOOK 2012**

### **Publication Event**

**Cass Business School, London**

**Monday, 11 June 2012**

The OECD will be releasing the first edition of the Pensions Outlook at this event on Monday 11 June. The meeting will take place in room 6032 on the 6th floor of Cass Business School (106 Bunhill Row, London EC1Y 8TZ).

This edition of the OECD Pensions Outlook examines the changing pensions landscape. It looks at pension reforms during the crisis and beyond, the design of automatic adjustment mechanisms, reversals of systemic pension reforms in Central and Eastern Europe, coverage of private pension systems and guarantees in defined contribution pension systems. It closes with a policy roadmap for defined contribution pensions and a statistical annex.

The OECD will present the highlights from the report, which has the following structure:

Editorial – Pensions: Past, Present and Future

Executive Summary

Chapter 1. Pension Reform During the Crisis and Beyond

Chapter 2. Putting Pensions on Auto-pilot: Automatic adjustment Mechanisms and Financial Sustainability of Retirement-Income Systems

Chapter 3. Reversals of Systemic Pension Reforms in Central and Eastern Europe: Implications for Pension Benefits

Chapter 4. Coverage of Private Pension Systems: Evidence and Policy Options

Chapter 5. The Role of Guarantees in Retirement Savings Plans

Chapter 6. A Policy Roadmap for Defined Contribution Pensions

Statistical Annex
